

Coco

Description

The Coco chair blends contemporary design with refined craftsmanship. Its beech plywood shell and wooden seat structure with elastic belts ensure durability and comfort, while indeformable polyurethane foam preserves its elegant form over time.

The back part is available in three sophisticated variations, cannetè, diamond quilting or hexagon quilting, allowing for personalized style and texture. A sleek steel base completes the design, adding a modern touch of strength and balance. Coco is a versatile statement piece, perfect for elevating both dining and lounge spaces. Made in Italy.
