

Mikado

Design: Nunzia Acquaviva

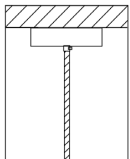

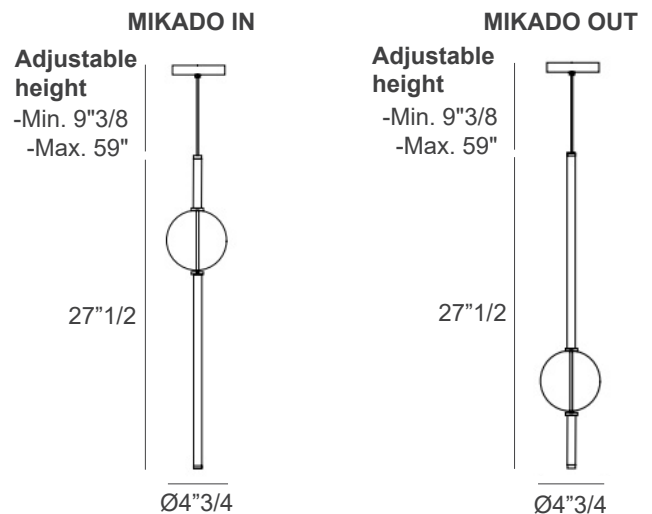

Description

At first glance, the suspension appears as a tangle—an intricate interplay of lines and forms. Yet, its composition slowly reveals a quiet order, like chaos distilled into harmony. When switched off, the light source remains hidden. But when illuminated, the LED filament reveals itself, glowing from within, and the apparent jumble transforms into a luminous design—an object that embodies both mystery and clarity. Made in Italy.
