

Mikado

Design: Nunzia Acquariva

Description

At first glance, the wall lamp reveals itself as a tangle—an intricate interplay of lines and forms that seems spontaneous yet deliberate. Its composition slowly unveils a subtle order, a balance born from precision and meditation. When switched off, the light source remains concealed, hidden within the structure. Once illuminated, the LED filament emerges, casting its glow outward and transforming the apparent jumble into a luminous gesture on the wall—an object where mystery and clarity coexist. Made in Italy.
