

# Bisel

*Design: Patricia Urquiola*

## *Description*

The Italian Bisel table is a premium design piece, crafted in multi-layered and multichromatic glass for a striking and elegant visual effect. Each table is created by laminating five slabs of 5 mm extralight glass, each embedded with a different colored film. This meticulous process results in a stunning play of color, light, and transparency that transforms the table into a true statement of luxury.

## *Finishes & Materials*

**Structure:** Glass.
