

Nacre

Design: Yabu Pushelberg

Description

The Italian Nacre Coffee Table is a luxurious and elegant piece, inspired by the fluid, organic form of an oyster shell. Its sculptural base features an oval basin made from transparent extralight glass with a mirrored bottom, expertly shaped by molding a 12 mm flat glass slab through an intricate heat-treatment process, followed by precise perimeter trimming to achieve its unique silhouette.

Finishes & Materials

Top: Mirror.

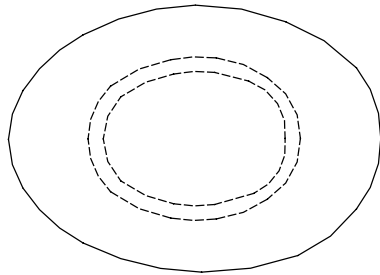

Base: Extralight glass.
