

1953

Design: Ostuni & Forti

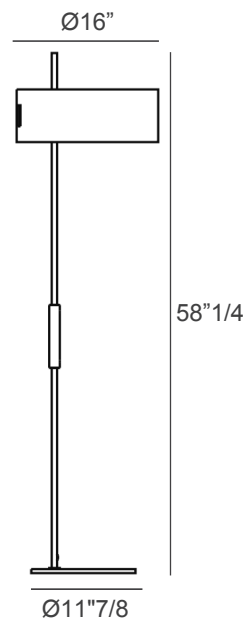

Description

Originally conceived in the 1950s, the collection includes both floor and table versions, varying in proportion yet identical in their sophisticated design, which shifts the entire lampshade section off-centre to create a strikingly modern silhouette. With its classic cylindrical shade and the refined contrast between satin gold interiors and deep black exteriors, 1953 elegantly recalls the style of its era while remaining perfectly relevant today. The clean, linear geometry is enriched by luxury details—the satin gold stem and shade interior against the black base and grip—resulting in a lamp that is both decorative and timeless. An icon of luxury lighting design, 1953 demonstrates Oluce's instinct for creating designer light fixtures that transcend fashions and eras, offering a balance of refined modernity and exclusive elegance for both private interiors and high-end contract spaces. Made in Italy.

Dimensions

Ø16" x 58"1/4H - Cod. 243

Light source: 2x max 50W E26 (LED) - With bulb
- Universal dimmer

Finishes & Materials

Structure: Metal.

Reflector, Base & Handle: Painted Matt Black.

Stem & Closing Disk: Satin Gold.
