

## Alba

*Design: Mariana Pellegrino Soto*

### *Description*

The Alba lighting collection originates from a poetic concept: a single drop of water transformed into light. This elemental inspiration evolves into a versatile family of designer lighting fixtures that balance nature's soft, organic shapes with the clean geometry of contemporary design. The finishes enhance its refined elegance, giving Alba a luxurious lighting presence with strong visual impact. Suspension Alba consists of two versions: the single one, without a structure, is gracefully suspended by a cable, and the double one, where the cable supports a metal structure with two staggered arms, under which light shines from the opaline drops. Made in Italy.
