

Iride

Design: Bellucci Mazzoni Progetti

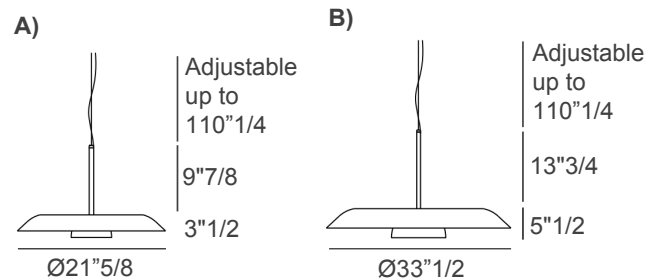

Description

A partnership with Bellucci Mazzoni Progetti, two Sienese designers specialized in interior and product design, gave rise to Iride, a collection of suspended luxury lighting fixtures for Oluce. Characterized by essential lines and crafted entirely from metal, this collection embodies contemporary design and timeless refinement. With its soft light and low-profile silhouette, Iride reinterprets the archetypal dome lamp through a modern language. Available in two sizes, the suspension offers a carefully studied lighting effect that ensures harmony, visual comfort, and uniform diffusion within any space. At its center, the opaline glass diffuser emerges as a distinctive element, drawing the stylized shape of a drop on the minimalist dome and enhancing the lamp's identity. The light reflects on the lampshade's inner surface and emerges softened, creating a refined and welcoming atmosphere. Perfect for luxury home lighting, Iride is available in a total white version or with a reflective white interior paired with a black or glossy red exterior. Made in Italy.

Dimensions

A) Ø21"5/8 x 13"3/8H + 110"1/4 of Cable (Adjustable) - Cod. 878
1 x max 11W (LED) 2700°K - 1600 lm CRI>85 - With bulb

B) Ø33"1/2 x 19"1/4H + 110"1/4 of Cable (Adjustable) - Cod. 879
1 x max 21W (LED) 2700°K - 3000 lm CRI>85 - With bulb
