

# Dresser Code

*Design: Presotto Studio*

## *Description*

Double bed available in King size with metal feet. More than just a bed, Dress Code is a modular project that offers endless possibilities for customization, thanks to the combination of headboard, bed frame and feet. The standout feature is the headboard, available in fine fabrics, eco-leather or leather, designed to become the focal point of the room. Its fully removable cover allows for easy replacement of the upholstery, offering the possibility to refresh the bed's look according to the season, current trends, or simply the desire for a new style.

The different bed frame and feet options complete the offering, ensuring solutions that meet every aesthetic and functional need. The bed frame of Dress Code is a key element of the system, designed to complete the bed's design with solutions that combine style and functionality. Optional base in methacrylate. Made in Italy.

Available bed frame models:

- . **Wood bed frame:** The bed frame in wood veneer offers a contemporary and minimalist option.
- . **Textile bed frame:** Upholstered in fabric/leather to match the headboard, which creates visual continuity.
- . **Bed frame Minigonna:** Bed frame with a short skirt.
