

Chic

Design: Bernhardt & Vella

Description

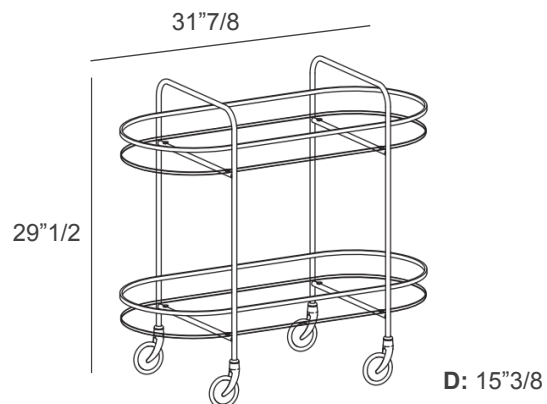

Inspired by the iconic food trolleys of the 1950s, Chic reinterprets vintage charm through a modern and sophisticated lens. Its metal structure outlines a fluid silhouette, where curved and sinuous lines gracefully frame the oval shelves, creating a perfect balance between retro elegance and contemporary design.

Ideal as a serving trolley or decorative accent, Chic embodies refined versatility, seamlessly fitting into modern luxury interiors with its timeless allure and understated sophistication.
