

Freak

Design: Pocci & Dondoli

Description

Freak was conceived as an elegant and functional designer chair, where seat and back follow a refined, balanced geometry defined by pure, continuous lines. Its contemporary design embodies both style and practicality, making it suitable for luxury home interiors or sophisticated contract environments. The structure's minimalist aesthetic enhances its timeless elegance, while the optional cushion adds comfort and customization, transforming Freak into a high-end furniture piece that perfectly merges functionality and beauty. This high-end chair is stackable and it includes protective spacers, ensuring optimal preservation.

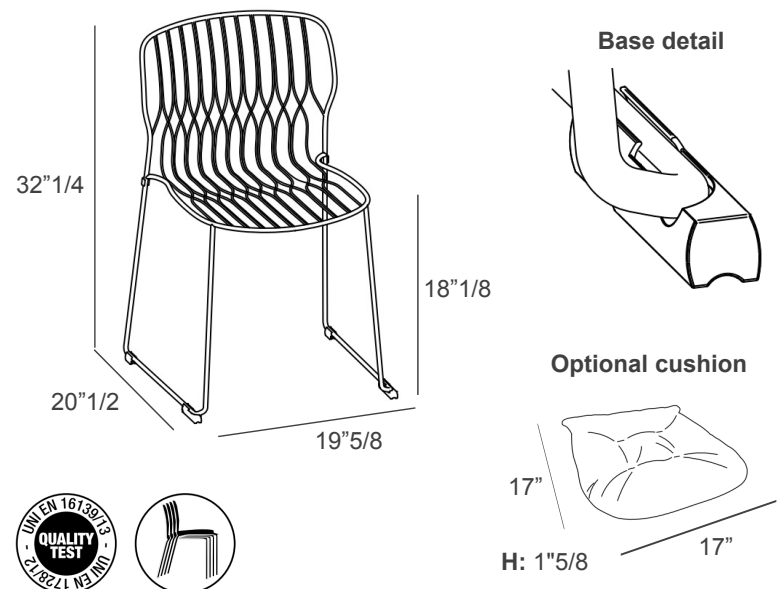

Made in Italy.
