

Lexington

Description

Lexington is a wall fixing bookcase without base, that redefines the concept of the modern bookcase, breaking spatial boundaries with an exceptionally versatile design, adaptable for infinite configurations. Conceived to enhance any environment, from compact interiors to expansive living spaces, it offers complete freedom of composition and total customization of shelves. With its clean architectural lines and refined materials, Lexington becomes more than a storage solution — it is a luxury home accent that reflects personal style and Italian design excellence.

Made in Italy.
