

## Vanity

*Design: Solido Studio*

### *Description*

Vanity is a contemporary interpretation of one of the most desired pieces of furniture — the makeup console — reimagined with a refined and modern aesthetic. Its essential functions are elevated by elegant details and original accessories, such as an adjustable mirror and lamp (rechargeable batteries) that enhance both practicality and style. Designed to adapt to multiple settings, Vanity effortlessly transforms into a home desk or modern workstation, blending beauty and functionality with timeless sophistication. Vanity represents the essence of modern luxury furniture design, combining elegance, innovation, and versatility for contemporary living. Made in Italy.
