Design: Pucci & Dondoli

Description

Inspired by the Chinese philosophy of Yin and Yang, this elegant coffee table celebrates the harmony of contrasts. Resting on a refined cylindrical base available in multiple heights, it allows for endless compositions that play with balance, proportion, and visual rhythm. The top, defined by its strong material presence, expresses the meeting of opposites—lightness and solidity, simplicity and sophistication—embodying the essence of modern luxury furniture design. When combined in different configurations, these tables create unique and dynamic compositions, ideal for enhancing luxury home furniture settings, from living rooms to lounge areas. A perfect synthesis of contemporary furniture aesthetics and Italian luxury furniture craftsmanship, it brings a sense of equilibrium and timeless elegance to any space. Made in Italy.
