

Jurij

Description

The Jurij project, inspired by private space shuttle seating, brings space tourism luxury into home cinema design. Mascheroni crafts each seat for ultimate comfort with ergonomic shapes, soft leather, and adjustable recline controls integrated into the armrests. The seats feature non-deformable rubber padding, a steel frame, and a leather-covered base. Every handmade piece includes a “Mascheroni srl Made in Italy” engraved plate, certifying its authenticity.

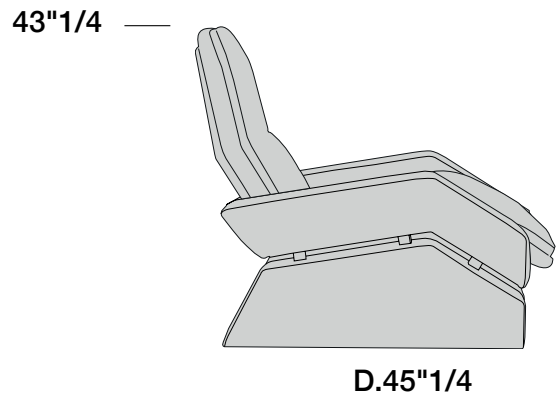

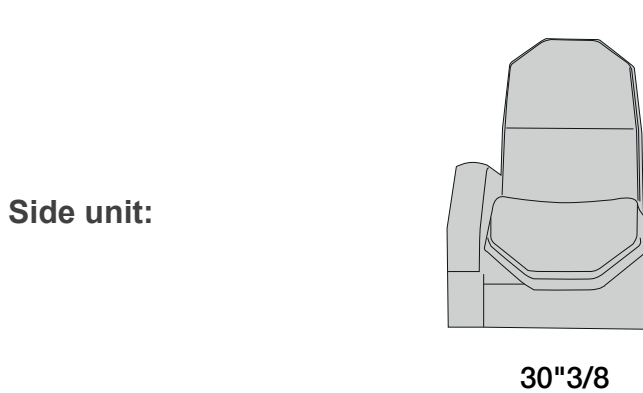

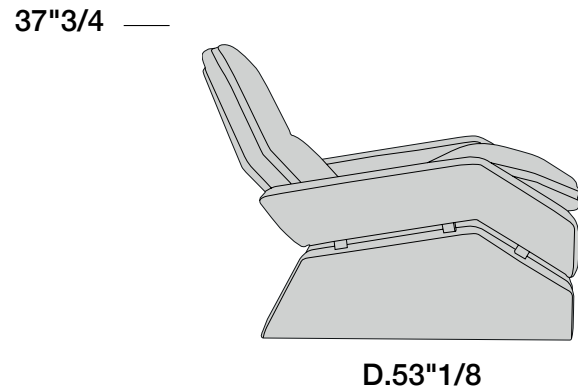

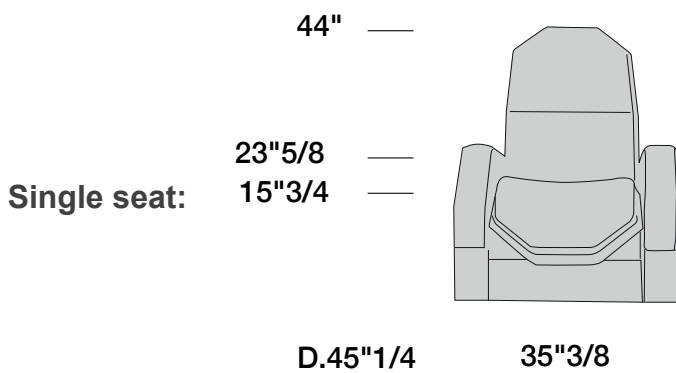

Jurij

Dimensions

Single seat: 34"3/8W x 45"1/4D x 44"H (SH: 15"3/4 , AH: 23"5/8)

Side unit: 30"3/8W x 45"1/4D x 44"H (SH: 15"3/4 , AH: 23"5/8)

Two element composition:
