

Enook Brillo

Design: Marconato & Zappa

Description

The Enook Brillo coffee tables reinterpret the aesthetic of the acclaimed Eckig collection with a renewed sense of elegance and fluidity. Designed by the same creative minds, this evolution introduces a cylindrical base that softens the geometry of the piece, offering a more harmonious and sculptural silhouette. The square top with rounded corners maintains a visual continuity with the Eckig series, ensuring a coherent and distinctive design identity.

Available in the new Shiny Lacquered finishes, the Enook Brillo coffee tables exemplify modern luxury furniture design. The lacquer can be applied either to the entire table or combined with one of Porada's exquisite marbles, allowing for personalized compositions that suit both contemporary and sophisticated interiors. This seamless blend of craftsmanship, versatility, and aesthetic refinement makes Enook Brillo a true statement piece within any luxury furniture collection.
