

## RD Trace

*Design: Rodolfo Dordoni*

### *Description*

A collection of rugs created as a series, with a design running across their borders, enabling infinite compositions. The pattern, like an endless Möbius strip, has geometric lines in relief that stand out against the solid background. The rectangular carpets can be placed together in every direction to create different dimensional formats, without ever losing the graphic continuity of the design. Made in Italy.

### TECHNICAL INFORMATION

**Pile composition:** 100% New Zealand wool hand spun

**Height:** 1/8" (4 mm)

**Technique:** Hand Weaving

**Origin:** India

**Finishing:** The rugs are hand washed, clipped and carved.

**Color:** Red, Yellow.
