

## Lord Yo

*Design: Philippe Starck*

### *Description*

Stackable armchair (up to 4 pieces) featuring a refined aluminum structure and a molded polypropylene shell, available in a variety of elegant color options. Designed for indoor and outdoor use, it offers durability, lightness, and comfort in equal measure. Sold in sets of four matching armchairs, it is perfectly suited for both residential and contract environments.

Originally introduced as a simple union of polypropylene and aluminum, Lord Yo has evolved into a true design icon, instantly recognized and celebrated worldwide. Conceived by Philippe Starck, the armchair embodies his mastery of transforming essential forms into timeless symbols of contemporary elegance. Defined by its soft, enveloping curves, elevated backrest reminiscent of a modern throne, and subtly arched legs, Lord Yo achieves a balance between strength and sophistication. Made in Italy.
