

## Hugo Architectural

*Design: Slamp Creative Team*

### *Description*

Hugo Architectural is a versatile technical-decorative lighting system that includes 2 or 3 horizontal modules connectet by cables that, in combination, striking visual configurations can be created. The fluid, organic effect of the Hugo diffuser is the result of painstaking studies conducted by Slamp's Creative Department on the optimal inclination and shape of Lentiflex®, the brand's patented material. When illuminated, the surface captures and refracts light in a way that evokes the fascinating movement of water, producing a captivating "water reflection" effect. Made in Italy.

#### **Light Source Architectural 2:**

40W - 90~130 Vac/24 Vdc - 7.000 Lumen -  
3.000 Kelvin - CRI >90, Integrated LED.  
Dimmable: PWM, 0-10.

#### **Light Source Architectural 3:**

60W - 100~130 Vac/24 Vdc - 10.500 Lumen -  
3.000 Kelvin - CRI >90, Integrated LED.  
Dimmable: Triac Trailing Edge.

## Hugo Architectural

### Dimensions

#### Hugo Architectural 2:

2 modules of 39"3/8W x 3"1/2D x 3"1/2H + Min.: 7"7/8 | Max.: 59" of Tensors & Canopy

Connection cables: 11"7/8W

#### Hugo Architectural 3:

3 modules of 39"3/8W x 3"1/2D x 3"1/2H + Min.: 7"7/8 | Max.: 59" of Tensors & Canopy

Connection cables: 11"7/8W
