

Circle

Design: Studio F+B Design

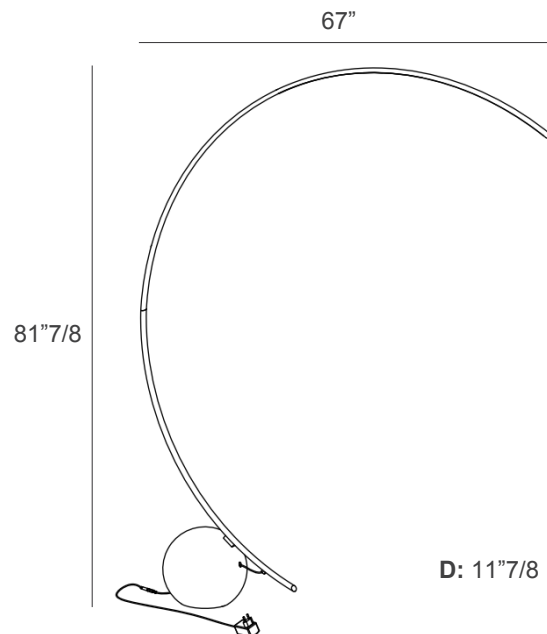

Description

The Circle floor lamp reinterprets the same minimalist language as the table version on a larger, architectural scale. Its essential silhouette and interplay of contrasting materials and volumes create a presence that is both discreet and expressive. Beyond its function, it becomes a statement piece that enhances any modern living space with a touch of contemporary sophistication and poetic light. Made in Italy.

Light source: 1 x 15W LED - 3000K - 1800 Lm included.
With touch dimmer AC power supply with interchangeable plug
