

Vico

Design: David Dolcini

Description

This luxury wall mirror with integrated storage redefines the concept of functional beauty, merging sculptural design with practical elegance. The frame, crafted in solid Canaletta walnut, reveals Porada's exceptional Italian craftsmanship and attention to material detail. Two asymmetrical doors open to a refined interior featuring smoked glass shelves, ideal for displaying designer accessories, decorative objects, or small luxury home accents. The metal handles, finished in Champagne and upholstered in Cuoietto Sabbia leather, add a sophisticated tactile contrast, while the integrated LED lighting with opening sensor subtly enhances both the ambiance and visibility within. This piece combines form, function, and refinement, serving as a statement furnishing accessory for modern and elegant interiors.
Made in Italy.
