

Kissi Kissi

Design: Miki Astori

Description

The Kissi Kissi bistrot table embodies the refined balance between sculptural design and everyday functionality. Crafted entirely from durable polyethylene, its top and structure evoke the tactile presence of stone or poured concrete, reimagined through the designer's meticulous attention to softness and fluidity.

Gracefully rounded edges and seamless connections lend it a harmonious silhouette that feels both contemporary and timeless. Available in elegant white or deep anthracite black, this versatile table enhances indoor and outdoor spaces alike with understated sophistication and enduring style. Made in Italy.
