

MT₁

Design: Ron Arad

Description

A striking fusion of innovation and design, the MT lounge chair embodies the concept of emptiness, its very name, "MT," pronounced empty, defines its essence. The sculptural form reveals a hollowed-out volume, boldly showcasing its two-tone interior, achieved through a masterful rotational molding process.

Crafted from durable polyethylene, the chair features a sand white exterior contrasted by a vibrant red or deep black interior, creating a dynamic interplay of light, color, and texture. Its fluid silhouette and continuous curves express both modern minimalism and artistic experimentation, while the monobloc construction ensures strength, comfort, and versatility. Made in Italy.
