

Nemo

Design: Fabio Novembre

Description

The Nemo lounge chair, is a sculptural masterpiece that transforms the human face into an inhabitable form of art. Inspired by the timeless harmony of classical beauty, it merges myth and modernity through a design that both conceals and reveals its occupant, like a contemporary mask.

Crafted from painted polyethylene using advanced rotational molding, this monoblock armchair combines durability with refined aesthetics. Available in fixed or swivel versions and offered in a wide range of colors. A captivating fusion of art, design, and storytelling, it elevates both residential and contract spaces with its iconic presence. Made in Italy.
