

Roly Poly

Design: Faye Toogood

Description

The Roly Poly Sofa redefines contemporary seating through the seamless fusion of sculpture and design. Its rounded, bowl-shaped form and cylindrical legs create a monolithic yet inviting silhouette that exudes both solidity and softness. Crafted from durable polyethylene monoblock using advanced rotational molding, the sofa's low, enveloping seat offers a sense of intimacy and comfort.

Available in a sophisticated palette of contemporary colors, the Roly Poly Sofa brings modern elegance and sculptural character to any indoor or outdoor space, making it an iconic centerpiece for design-forward environments. Made in Italy.
