

Tokyo-Pop

Design: Tokujin Yoshioka

Description

The designer Tokyo-Pop chaise lounge, embodies the visionary spirit of contemporary design. Crafted from a single block of polyethylene through precise rotational molding, it redefines the material's potential, transforming functionality into sculptural expression.

Its fluid, asymmetric lines and distinctive silhouette evoke a sense of movement and calm, offering both aesthetic impact and inviting comfort. Intended for indoor use, this refined monoblock piece stands as a statement of modern artistry where design, innovation, and timeless elegance converge. Made in Italy.
