

Illan

Design: Zsuzsanna Horvath

Description

The Illan suspension lamp embodies a perfect balance of technological innovation, material refinement, and sustainable design. Its ethereal presence is created from an ultra-light body in laser-cut, flexible plywood, shaped with dense, equidistant lines that enhance its fluidity and natural elegance. The unique wood grain, visible across the thin layered structure, gives each lamp an individual character, reinforcing its artisanal and eco-conscious essence.

Once suspended, gravity gently unfolds Illan into its signature sculptural form, a luminous, floating volume that brings warmth, movement, and sophistication to any interior. Emitting a soft, atmospheric glow, this designer pendant light elevates contemporary spaces with its blend of organic materials and innovative craftsmanship.
