

Mesh

Design: Francisco Gomez Paz

Description

The Mesh suspension lamp delivers a powerful visual statement, defined by its ethereal, almost transparent structure. A delicate network of flexible steel cables supports LED light sources precisely positioned at each intersection, creating a luminous web that seems to float in space. This innovative design conceals its technical intricacy, allowing the light itself to become the central focus.

Available in three sizes, the Mesh pendant ensures exceptional and evenly distributed illumination, making it ideal for modern living rooms, dining areas, and contemporary commercial spaces. Crafted with a steel structure and polycarbonate lenses, it combines cutting-edge LED technology with a lightweight, sculptural presence perfect for refined architectural environments. Made in Italy.

Light Source:

Mesh 55: LED 26W 2700K CRI 90. Dimmable Phase Cut. UL Approved.

Mesh 80: LED 75W 3094lm 2700K CRI 90. Dimmable Phase Cut. UL Approved.

Mesh 100: LED 60W 3777lm 2700K CRI 90. Dimmable Phase Cut. UL Approved.

Mesh

Dimensions

Mesh 55: Ø21"5/8 x 21"5/8H

Mesh 80: Ø31"1/2 x 23"5/8H

Mesh 100: Ø39"3/8 x 35"3/8H

Hanging Length Max.: 36"/ 120"/ 192".
