

# Turning

*Design: A. Casati*

## *Description*

Extendable dining table with square or round top and one extension available in ceramic. An original opening mechanism allows, by the rotation of the central top to extend the lower top and level it to the upper top. Base in painted or galvanized steel. Only certain ceramics allow the upper top to be made of one sole ceramic sheet, in all the other ceramics the upper top is made of 2 matching sheets. Made in Italy.

## Turning
