

Bayus Tondo 3

Design: Gabriele & Oscar Buratti

Description

The Bayus Tondo 7 chest of drawers expands the iconic Bayus collection, celebrated for its distinctive drawer design in wood or leather. With its rounded silhouette and subtle retro inspiration, this piece brings a sense of refined sophistication to both bedroom and living spaces. Crafted in solid Canaletta walnut, the structure is completed with a top in wood or marble, enhancing its timeless luxury aesthetic. The seven drawers feature dark brown scoubidou-effect leather handles, while the scratch-resistant titanium lacquered interior ensures long-lasting elegance and practicality. Resting on a Bronzoro metal base with brushed brass tips, a signature detail of the collection, Bayus Tondo 7 perfectly embodies the essence of Italian luxury furniture — functional, contemporary, and exquisitely crafted.

Made in Italy.
