

## Podi

*Design: Emmanuel Gallina*

### *Description*

Podi is a refined collection of side tables distinguished by their sculptural bases, available with three or four legs and in two heights, designed to introduce a sense of movement and rhythm into contemporary living spaces.

Crafted from solid canaletta walnut, the base recalls the distinctive silhouette of the Amphora dining table, reflecting a shared design language and the same dedication to woodworking craftsmanship. The round marble top enhances the table's elegance and material richness, while its versatile proportions allow for individual use or dynamic compositions, creating harmonious, distinctive arrangements in any interior.

Made in Italy.
