

Yves Sofa

Design: Gabriele & Oscar Buratti

Description

The transitional Yves is a contemporary reinterpretation of the classic bean-shaped sofa, defined by curved, enveloping lines that express elegance and fluidity. Its solid Canaletta walnut feet complement upholstery available in the fabrics and leathers of the collection. With its monomaterial, sculptural look, Yves creates a sense of intimate conviviality. Suitable for both homes and public spaces, its dynamic design makes it a unique and timeless piece. Removable cover in fabric only (NO Pelle - NO Paros ecoleather). Yves Ottoman sold separately.
