

Ziggy Bed Soft

Design: Carlo Ballabio

Description

Ziggy Bed Soft enriches the broader Ziggy family with a refined design that blends contemporary style and high-quality craftsmanship. The bed features a solid ash or canaletto walnut frame and a fully upholstered cover available in the fabrics of the collection. Its headboard is built on a poplar plywood frame and padded with polyurethane foam and sterilized feather for a soft, inviting feel. A distinctive detail is the elegant piping offered in the colors of the Zenith collection, adding a tailored finish to the design. Lower than previous Ziggy models, the frame is engineered to accommodate today's thicker mattresses while maintaining a light, balanced look. With its combination of solid wood, premium materials, and contemporary proportions, Ziggy Bed Soft is ideal for shoppers seeking modern bedroom furniture, luxury wood bed frames, and timeless design for the home. Made in Italy.

Ziggy Bed Soft
