

Lego

Design: Draga & Aurel

Description

This collection—featuring the low tables and console—is named "Lego," a tribute to the Italian word meaning "to join" or "to link." The name also evokes the spirit of the famous childhood game, celebrating the joy of construction and the ability to build something real, from a simple shape to a complex object.

These pieces are designed as an embrace of geometric shapes, achieving a perfect harmony when interlocked, yet remaining solid and balanced even when separated.

Finishes & Materials

Top: Concrete or marble & aluminum.

Lego

Dimensions

72"W x 17"3/4"D x 35"3/8"H
