

# Pavone

*Design: Marc Ange*

## *Description*

The Pavone Outdoor lounge chair inspired by the silhouette of a peacock's tail, evoked through a radial composition of curved aluminum elements that form the backrest and armrests. The generous, enveloping seat—made of multi-density polyurethane and acrylic padding, covered with a waterproof protective sheath—is integrated into a leather-upholstered base with a painted metal frame.

## *Finishes & Materials*

**Cover:** Fabric or leather.

**Structure:** Metal.
