

Polaris

Design: Alessandro La Spada

Description

The lamp features a sleek, curved aluminum structure, which is highly polished on the exterior to reflect light and satin-finished on the interior for a soft glow. The integrated LED source illuminates a stunning backlit marble diffuser. This marble, treated with split-cut textured edges, emphasizes the contrast between the cold metallic surfaces and the warm, luminous minerality of the stone.

Finishes & Materials

Structure: Metal.

Shade: Marble.
