

## Piuma

*Design: Lanzavecchia + Wai*

### *Description*

The Piuma Sofa features a powder-coated aluminum frame that is not only lightweight but also 100% recyclable, aligning structural durability with sustainability. The seating is engineered for long-term outdoor performance, utilizing a hydrophilic osmotic membrane that provides advanced resistance to weathering while remaining breathable. The upholstery consists of varied-density polyurethane wrapped in water-repellent outdoor fabric, available in three sophisticated nuances with visible, highlighted stitching. Its multi-position reclining mechanism allows for a seamless transition from formal seating to a flat daybed configuration. Proudly Made in Italy.
