

Samurai *Design: MoreDesign*

Description

The Samurai Sofa is specifically engineered for high resistance to atmospheric agents without sacrificing its soft, inviting feel. The internal core features a technical osmotic membrane, which provides a barrier against moisture while maintaining breathability. Upholstered in premium water-repellent outdoor fabrics, the sofa is designed to maintain its integrity in diverse climates. Its modular Poleasy® base ensures a solid foundation that is easy to maintain and UV-resistant. With its ergonomic inclination and Italian-made quality, it serves as a sophisticated anchor for both residential and contract outdoor spaces. Made in Italy.
