

Dahlia

Design: Euroluce

Description

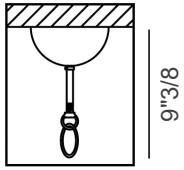

The Dahlia collection is presented in three refined finishes. Dahlia Brown combines a warm brown tone with tobacco plates, topaz crystals and hand-covered details in brown nabuk. Dahlia Grey features a fumé structure with matching plates, viridian-colored crystals and covered elements in viridian nabuk. Dahlia Viridian offers a full viridian palette with tone-on-tone plates, fumé crystals and components hand-covered in viridian nabuk. Each piece reflects the heritage of Italian craftsmanship. The glass elements are produced in Veneto, while the cups come from Tuscany and are offered with either a bols effect or a ribbed effect. All covered components are crafted by hand in nabuk, and the pendants include a handcrafted nabuk bracelet enriched with a Swarovski pendant. Every detail expresses a pursuit of perfection, fine materials and expert workmanship. Made in Italy
