

Desiderio

Design: Euroluce

Description

The Desiderio chandelier collection, finished in elegant black nickel, is offered in three distinctive colorways that highlight its sculptural presence. The Desiderio Brown version features a warm brown palette enriched by satin elements and beech wood varnished in matching tones. The Desiderio Fumé option explores a deep, smoky look complemented by dark beech wood details, while the Desiderio Viridian model presents a rich green character with coordinated satin finishes and green-varnished wood accents. Produced in Veneto, the conical square arms and glass components (patented) demonstrate the technical mastery behind the collection, while the diamond-shaped decorative pieces in beech wood introduce a refined handcrafted touch. Enhanced with sparkling elements from Swarovski® and presented in an engraved box, the chandelier asserts itself as a beautiful presence with a confident identity shaped by design precision and artisanal skill.
