

# Titania

*Design: Alberto Meda & Paolo Rizzatto*

## *Description*

Titania is an iconic suspension lamp designed in 1989, celebrated for its timeless, lightweight, and versatile design. Slim and seemingly weightless, its floating aluminum lamellar shell and steel structure create a transparent, airy volume that conceals the bulb while beautifully reflecting light.

Thanks to interchangeable polycarbonate filters, Titania can shift between yellow, rose, violet, or light blue without altering the purity of its white light emission, allowing you to change its look anytime. A spherical counterweight enables easy height adjustment, making this designer pendant lamp ideal for dining rooms, living areas, and contemporary interiors. Titania remains a modern classic where light, color, and form come together in a uniquely customizable and elegant suspension lamp. Made in Italy.

### **Light Source:**

Halogen/LED Equivalent 1x 250W Max T-10 Medium Base Bulb. Dimmable. UL approved.
