*Design: Opera Design & Essetipi*

### *Description*

The Enya wall-mounted upholstered headboard features a refined frame crafted in solid canaletto walnut by Porada, offered in the stained or matt lacquered finishes of the collection. Its upholstery showcases an elegant square-patterned stitching and can be covered in any of the fabrics or leathers available in the collection, making it ideal for luxury interiors and high-end hospitality design.

A substantial solid-wood frame with linear inlay work highlights the craftsmanship behind this design, while the geometric stitching and premium materials add a contemporary yet timeless appeal. This versatile headboard suits a wide range of residential, hotel, and contract projects and pairs seamlessly with every nightstand in the collection. For a complete bedroom setup, the Enya headboard can be combined with the Morfeo bed frame, a soft-lined upholstered structure available in multiple sizes and covered in the same coordinated materials. The bed frame includes a slatted base by Porada, with an optional multilayer panel and an available storage version, offering flexibility for modern interior design and space-saving needs. Made in Italy.

Slats included. Mattress, cushions and decorative elements not included.
