

# Softbay Bed

*Design: Giuseppe Viganò*

## *Description*

The transitional Softbay collection is characterized by soft, enveloping lines that create smooth, gently rounded surfaces throughout its range of pieces, from generous sofas and design armchairs to the upholstered double beds. Each element is finished with solid Canaletta walnut wood end-feet, distinctive components that define the extremities of the furniture and subtly evoke the form of a paper clip. These softly shaped end-feet not only serve as a visual signature but also support and hold the entire structure together.

The collection's covers are available in a wide selection of fabrics and leathers, allowing Softbay to adapt to diverse living room needs. Made in Italy.

## *Finishes & Materials*

**Headboard and Base Cover:** Fabric or Leather
