

## Ego, Lily & Park

### Description

This refined composition of four low tables creates a sophisticated and dynamic centerpiece for contemporary living spaces. The ensemble combines complementary materials, heights, and finishes to achieve a harmonious balance between warmth, transparency, and architectural elegance.

The Ego 1 coffee table features a warm blockboard ash wood top, supported by legs and bases in blockboard veneer with MDF, offering a refined and solid presence. Ego 2 adds a luxurious contrast with its polished marble top, finished with an elegant 45° milled profile, bringing depth and timeless refinement. The Lily coffee table introduces lightness with its round tempered glass top, 3/8" thick with polished edges, supported by a sleek varnished steel structure. Completing the composition, the Park side table, entirely crafted in varnished steel, provides a minimalist accent with clean lines and precise proportions. Designed to be perfectly combined, this curated set of low tables enhances modern living rooms with layered functionality and a distinctly elegant, contemporary aesthetic. Made in Italy.
