

## Allegra Sofa

*Design: Monica Armani*

### *Description*

The transitional two-seater sofa from the Allegra Collection is designed as an open invitation to relax. Like the other pieces in the collection, it features a structure made of powder-coated aluminum tubing, available in a variety of finishes. The cushions are padded with outdoor Dryfeel foam, ensuring comfort and suitability for outdoor use. Thanks to its compact dimensions, this sofa fits easily into a wide range of refined outdoor environments, from residential patios and verandas to garden lounge areas in hotels and restaurants.
