

## Katana

*Design: Signorotto + Partners*

### *Description*

The Katana dresser translates the same minimalist and architectural concept into a larger storage piece, maintaining the unmistakable dialogue between metal, wood, and stoneware. The rational lines and linear volumes are once again defined by the sculptural metal base, which extends upward to become the handle, reinforcing the visual continuity and blade-like precision that characterize the entire collection.

Designed for refined and functional storage, the dresser features multiple drawers, all equipped with a soft-close mechanism for enhanced comfort and durability. As with the nightstand, the top can be chosen in wood or in stoneware, where each slab is uniquely cut to create a one-of-a-kind surface. With its elegant restraint and premium finishes, the Katana dresser is a sophisticated addition to high end living room furniture and modern contemporary living room furniture settings, ensuring a coherent and timeless interior aesthetic.

Made in Italy.

### *Finishes & Materials*

**Top:** Large stoneware slabs cut randomly or wooden particle-board panels in Matt/Glossy, Wood, Up Surface and Textured finishes.

**Structure & Fronts:** Wood particle-board panels, melamine laminated, lacquered or wood veneered and varnished.

**Drawers:** Wood particle-board panels with leather-effect melamine finish. Easy-slide concealed metal runners, 66,14 lb dynamic load capacity. "Blumotion" soft closing mechanism with height adjustment system.

**Handle & Base:** Epoxy powder-coated metal.
