

## Katana

*Design: Signorotto + Partners*

### *Description*

The Katana nightstand expresses a minimalist and rationalist design language, defined by clean lines and a strong architectural identity. Its most distinctive feature is the specially designed metal base, which visually continues into the handle, creating a single, uninterrupted gesture. Inspired by the sharp elegance of the ancient Japanese katana, this metal element gives the nightstand a refined, technical character while preserving a balanced and elegant appearance.

Available in different configurations with varying numbers of drawers, the Katana nightstand combines aesthetic rigor with everyday functionality. All drawers are equipped with a soft-close system, ensuring smooth and silent use. The top can be selected in wood, available in the wide range of Dallagnese finishes, or in elegant stoneware. In the stoneware version, large randomly cut slabs are used, making each piece unique and enhancing the sense of exclusivity. Ideal for contemporary bedrooms, Katana fits naturally within modern living room furniture collections that extend cohesively into the sleeping area. Made in Italy.

### *Finishes & Materials*

**Top:** Large stoneware slabs cut randomly or wooden particle-board panels in Matt/Glossy, Wood, Up Surface and Textured finishes.

**Structure & Fronts:** Wood particle-board panels, melamine laminated, lacquered or wood veneered and varnished.

**Drawers:** Wood particle-board panels with leather-effect melamine finish. Easy-slide concealed metal runners, 66,14 lb dynamic load capacity. “Blumotion” soft closing mechanism with height adjustment system.

**Handle & Base:** Epoxy powder-coated metal.
