

## Tepu

*Design: Matteo Zorzenoni*

### *Description*

The Tepu nightstand is defined by a refined interplay of lines, materials, and colors that gives the piece a design both light and visually rich. Its clean, linear storage volume is supported by a softly shaped solid ash wood frame, whose gentle curves introduce warmth and movement while maintaining a contemporary, architectural character.

The ash wood structure, available in a range of elegant wood veneers, visually lifts the nightstand and integrates the drawer with precision and balance. This thoughtful construction creates a harmonious dialogue between structure and function, reinforcing the collection's modern Italian design sensibility. The result is a piece that feels light in appearance yet substantial in craftsmanship.

The top—available in wood, stoneware, or glass—adds a subtle layer of material contrast, enhancing the versatility of the Tepu nightstand. Whether placed in refined residential settings or sophisticated interiors, it integrates naturally into spaces furnished with contemporary furniture and modern living furniture, offering understated elegance and everyday functionality. Made in Italy.

### *Finishes & Materials*

**Top:** Large stoneware slabs cut randomly (therefore not identical in the various top sizes) supported by a lacquered wooden panel. Also, Tempered Glass fixed with brass supports, or wooden particle-board panels in Matt/Glossy, Wood, and Up Surfaces finishes.

**Structure:** Wood particle-board panels, joined at 45°.

**Back:** Wood particle-board panels, melamine laminated.

**Drawers:** Wood particle-board panels with leather-effect melamine finish. Easy-slide concealed metal runners with 66,14 lb (30 kg) dynamic load capacity.

**Opening:** Push-pull closing mechanism with height and depth adjustment system.

**Frame & Base:** Painted solid ash wood varnished in all the wooden finishes.
