

Random Stick

Design: Chia-Ying Lee

Description

Random Stick is a horizontal suspension lamp designed by Chia-Ying Lee that combines essential lines with a strong decorative presence. Blown-glass spheres appear to float along a hexagonal bar, while LEDs positioned on the underside provide uniform downward illumination, making it ideal for lighting tables and work surfaces. Available in two sizes, 39"3/8 and 59", it suits both domestic and commercial settings and can also be installed in multiples. With various sphere finishes and three bar finishes, Random Stick offers extensive customization and flexible installation, highlighting the playful, ephemeral concept of the Random collection.

IP20. CE, EAC and ETL Certification. Energy efficiency D.

Dimmable TRIAC. MacAdam 3-Step.

LED and driver included. Light bulbs not included.

Random Stick

Dimension

SHORT - 4 SPHERES: 39"3/8W x 2"3/8D x 3/4H (Cable: 157"1/2)

LONG - 6 SPHERES: 59"W x 2"1/2D x 7/8H (Cable: 157"1/2)

Light Source

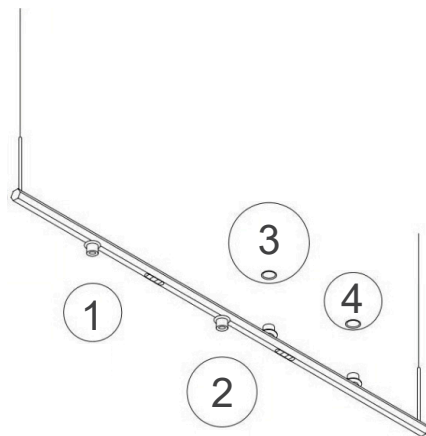

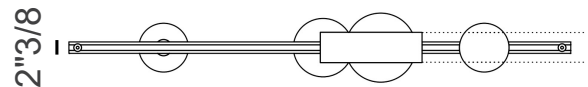

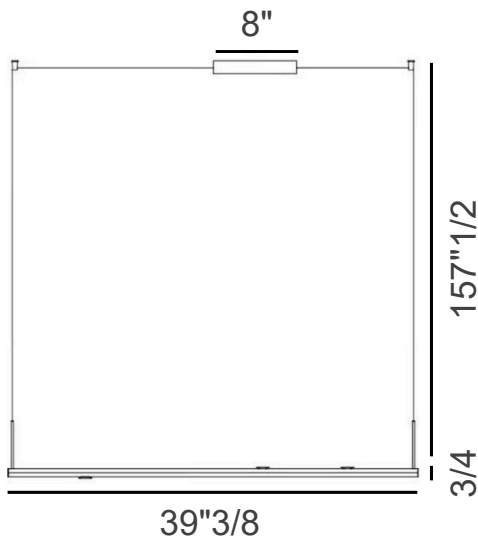

SHORT: 4 LED x 10W - 1600 Lm - 3000 °K - CRI 90 - 120V

LONG: 6 LED x 15W - 2400 Lm - 3000 °K - CRI 90 - 120V

Dimmable. Diffused light: 640 Lm | Direct light: 960 Lm

LED and driver included. Light bulbs not included.

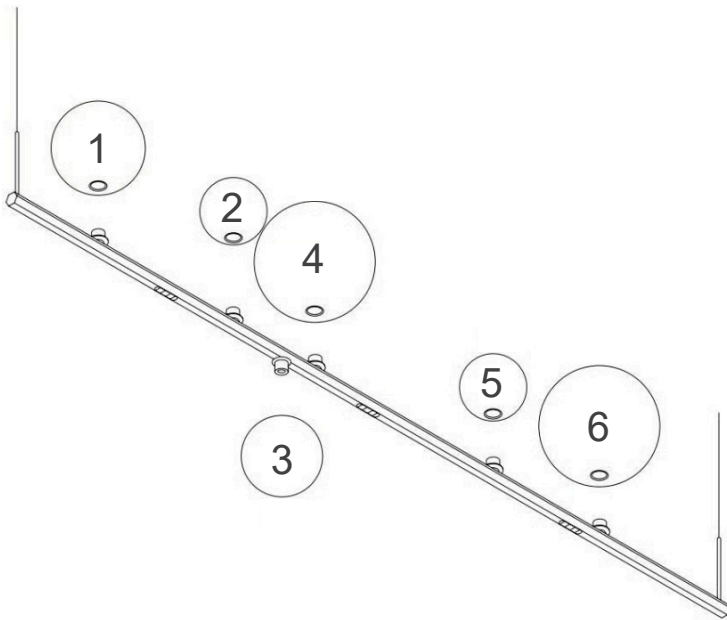

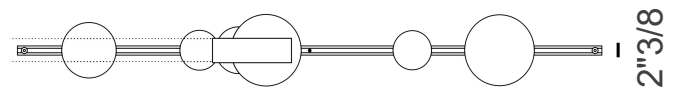

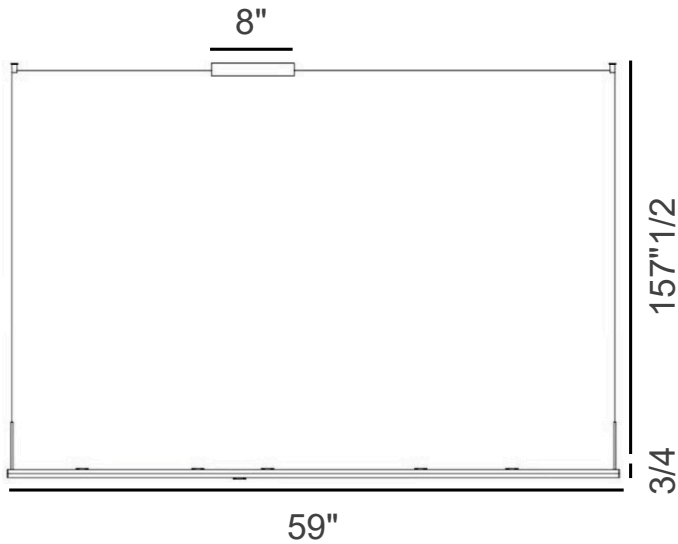

SHORT - 4 SPHERES

BLOWN GLASS SPHERE 1: Ø4"
BLOWN GLASS SPHERE 2: Ø4"3/4
BLOWN GLASS SPHERE 3: Ø4"1/2
BLOWN GLASS SPHERE 4: Ø4"
