

Circus Longue

Design: ModoLuce R&D

Description

Circus Longue is a maxi-format suspension lamp designed to embrace the space with its generous dimensions. It illuminates and decorates the room while delivering certified acoustic comfort through an integrated sound-absorbing function. Available in cylindrical or elliptical versions, Circus Longue is upholstered in refined textile finishes including velvet, wool, For Nature, and Kvadrat fabrics. The opal plex finishing underneath ensures soft and uniform light diffusion. Double light emission is provided as standard, with upward and downward lighting enhancing both visual comfort and luminous efficiency. The L 130 version delivers 2690 Lm upwards and 5380 Lm downwards, while the L 160 version provides 2690 Lm upwards and 6720 Lm downwards, making it suitable for large residential and contract spaces. Made in Italy.

Acoustic comfort. Sound absorbing.
IP20. CE Certified.
